## Referees Director Report 2016

2016 has been a busy year for the club in the technical area of Referees and development. The club was involved in five tournaments at rep level and also two park level competitions throughout the year.

During this time we were able to run a number of courses to up skill our referees to create a higher standard in officiating at park comp level and also more credentialed at Hills Hornets level.

I would like to thank all referees that have been involved over the past year and contributed to the success of the club as we always look to become better ambassadors for referees across all levels.

2017 looks to be a challenging time with new rules employed by NSWTA due to minimum standards required. We as a club we will need to concentrate specific attention to this area or our playing ranks will quickly outpace our referee requirements.

For further breakdown please see below;

### 2016 JSC Referees – 14

| Number | Referee         | Level | Number | Referee        | Level |
|--------|-----------------|-------|--------|----------------|-------|
